

Go to office.com.

Then, **Sign in** with your Exchange e-mail credentials.

In the Microsoft Office Home page, click **SharePoint**.

Create a site

Choose the type of site you'd like to create.

Team site
Share documents, have conversations with your team, keep track of events, manage tasks, and more with a site connected to an Office 365 group.

Communication site
Publish dynamic, beautiful content to people in your organization to keep them informed and engaged on topics, events, or projects.

Get a team site connected to Office 365 Groups

Use this design to collaborate with your team. Share documents, track events in a shared calendar, and manage tasks.

- 1** In the **Site name** field, enter the name of your site.

Note: If the name is not available, SharePoint will prompt you to enter a different name.
- 2** Note the Site Address
- 3** In Site description, describe briefly your site and its purpose
- 4** Click Next.

Site name
Test107
The site name is available.

Group email address
Test107
Test107@cumc.columbia.edu
The group alias is available.

Site address
https://cumccolumbia.sharepoint.com/teams/Test107
The site address is available.

Select the default site language for your site. You can't change this later.

Next Cancel

Add group members

Group members will receive an email welcoming them to the new site and Office 365 group

In Add additional owners field, Enter the name of an additional owner, ideally your backup.

Note: If you enter UNI or the lastname, SharePoint will prompt the name. Just click the Name.

Who do you want to add?
Your site membership requires at least one additional owner.

Important Notes:

Your site is created with a default quota of 25 TB. Note: Individual file size limit is 15 GB

At the present time there are no annual costs for SharePoint Sites (Please refer to the CUIMC IT web site for latest updates)

Training:

In terms of self-learning solutions, the following training is available. It is free for Columbia users:

LinkedIn Learning:

Go to:

<https://lnkd.in/etYtGcx>

Log on with your UNI and myColumbia password. Then search for this course:

SharePoint Online Essential Training: The Basics

By Gini von Courter

Gini does a great job in presenting the training in short movies. Start with the basics course.

Microsoft Training:

Excellent tutorials and resources are available on the Microsoft site. Link below:
